Ms. Toth,

Please find enclosed a check for \$10,000 as donation toward the MUSC: COVID-19 Emergency Response Fund.

Our organization supports nearly a thousand children playing youth soccer in the Charleston area and due to this terrible pandemic have suffered a loss of opportunity to participate due to the necessary and important social distancing and containment directives.

This loss has resulted in some savings on our part and our Board wanted to return a large portion of said savings to the medical community to aid in its frontline efforts to reduce the impact of this dreadful disease.

Please accept on behalf of our club and its members our deep gratitude and appreciation for what you, the foundation, and all those in the medical profession are doing to protect our community and fight the coronavirus disease.
